

VeinViewer[®] Flex

Designed for portability and *flexibility*...

VeinViewer® Flex by Christie is ultra-portable and ready to adapt to your existing patient environment; no additional mounting poles to purchase, store and clean.

- Comes standard with two S-Mounts (Stability Mounts), a C-Clamp and Super Clamp.
- Can be easily attached to existing flat and round surfaces such as:
 - Exam tables
 - Patient bed rails
 - Blood draw chairs
 - IV Poles

- Operates via battery or AC power.
- Includes standard accessory kit: 2 fast-swap batteries, 2 S-Mounts, super clamp, C-clamp, battery charger, AC power adapter, wrist strap, USB cable, 5 international power adapters and slim storage case.
- Optional accessory kit comes with travel bag and car power adapter.
